

# Case Study

## RS76 | Malahide Road

**Project:** Bus Stop Signposts, Malahide Road, County Dublin, Ireland  
**Product:** RS76 sockets

### RS76 | Malahide Road...

As Dublin's main public transport provider, Dublin Bus continue to refurbish and upgrade bus stops in the Greater Dublin Area. Their commitment of quality service to all customers has seen the roll-out of an accessible fleet of low-floor buses, real-time information systems, new route management and improved bus stop locations. IPL group's RETENTION SYSTEM™ offered Dublin Bus a sustainable public infrastructure design solution where the use of RS76 sockets for the foundation and installation of signposts will ensure bus stops are easily maintained and damaged sign posts quickly replaced without disruptive excavation or ground works.

Further information on the RETENTION SYSTEM sockets for post installation is available at [www.retention-system.com](http://www.retention-system.com)
