options...

- Choice of tops 
- Cast aluminium fingers and text
- Customer colour requirements
- Customer height and design specification
- RS socket (for removable & locking option)

RETENTION SYSTEM™

THE INTELLIGENT FOUNDATION FOR POST INSTALLATION

Versatility & foresight:

Specifying the use of RS sockets anticipates the expected installation demands, maintenance needs and lifecycle of the post.

www.retention-system.com

Posts can be designed to match or complement Rivers' bollards and railings or other street furniture.

design | identity | security
