

CITIZEN is the first collection of site furnishings by Eugeni Quitllet. He is now one of Spain's most internationally renowned designers.

He has come up with a comfortable, contemporary bench with different finishes and compositions and a matching, highly versatile litter bin.

Both have been created with a distinct identity and a vocation to share the city and its public spaces in harmony with the people who live there. Naturally and with style. The design features an organic profile that is the outcome of the symbiosis between the delicate beauty of nature and the resistance required for everyday use.

Bench **made with ductile iron legs treated with Ferrus**, a protective process that guarantees high corrosion resistance. Epoxy primer coating and Marson polyester powder coated finish. **Five tropical wood boards** measuring 110 x 35 mm, treated with Lignus, a fungicide, insecticide and waterproofing agent. **Marson color finish**. Stainless steel bolts.

Recommended anchoring: M10 expansion bolts, depending on the surface and the project.
